Dear Partners, Colleagues, Dear Friends,

Greetings from the Csermák Antal Elementary Arts School, Veszprém, Hungary. We all wish you a Happy New Year.

As you may have already known, our hometown, Veszprém is going to be the European Capital of Culture in 2023. The opening ceremony is going to be held in only some days. We are quite excited about it.

Many opportunities have opened up for us lately as an art school. We would like to use them well, to see as many of our musician friends as it is possible and thus we could feel much more European than in the last few pandemic years. That is why we are in a quite active and efficient cooperation with the Veszprém-Balaton 2023 European Capital of Culture.

Our school would like to invite you, your ensembles as partner institutes to take part in our biggest event at the end of May, from 27 to 31. It is going to be a European Youth Music Festival titled MusiColours. We believe that the name says a lot. We are eager to meet youngsters from all over Europe or even from farther, playing music or singing together. These years have been and are full of worldwide happenings that cause us worry and pressure. That is why we would like to give the musician youth the opportunity to forget the period for some days.

Our town is close to Lake Balaton, offers a lot of sights to see, several different types of accommodations and of course, a peaceful surrounding with a caring staff. We are going to work on about 16 roofed stages all around the town and the lake, with at least 2 performances for each ensemble.

On the registration site - below - you can find a lot of information, but should you need more, please do not hesitate to contact us or the ECoC staff.

The registration period is open till 31th of January, 2023.

Please share our invitation letter and inform as many schools and ensemble leaders in your country as possible to help the event and our dream come true.
